3107	<p>12 bottles of Florian Zuliani Ferme Boul'et Rouge 'Calembours' 2022 Chenin, oc.</p> <p>Florian Zuliani was oenologue at Chateau de Bonnezeaux before starting his own project in 2020. The Domaine has just 1ha of Chenin Blanc located in the fantastic terroir of Bonnezeaux but as he chooses to create a dry white wine, rather than the classic sweet of the region, it has the lowly classification of Vin de France. His plot is situated adjacent to Chateau de Bonnezeaux.</p> <p>The vines are goblet training vines and farmed organically, he is experimenting with treatment of the vines with herbal teas. Vinification takes place in a vertical manual press. The wine is fermented with native yeast in vats for about 1 month, with alcoholic and malolactic fermentation taking place in barrels, ranging from 250 to 500L. The wine is aged for one year on gross lees without intervention, no filtration, a little bit of sulphur is added just before bottling. The resulting wine has an electric acidity, and amazing spectrum of aromas. Florian suggests decanting the wine and letting it rest for a few hours before tasting.</p>	180	240	Plus VAT - VAT added to the sale price

3146	<p>12 bottles of Florian Zuliani Ferme Boul'et Rouge 'Calembours' 2021 Chenin Vin de France, oc.</p> <p>Florian Zuliani was oenologue at Chateau de Bonnezeaux before starting his own project in 2020. The Domaine has just 1ha of Chenin Blanc located in the fantastic terroir of Bonnezeaux but as he chooses to create a dry white wine, rather than the classic sweet of the region, it has the lowly classification of Vin de France. His plot is situated adjacent to Chateau de Bonnezeaux.</p> <p>The vines are goblet training vines and farmed organically, he is experimenting with treatment of the vines with herbal teas. Vinification takes place in a vertical manual press. The wine is fermented with native yeast in vats for about 1 month, with alcoholic and malolactic fermentation taking place in barrels, ranging from 250 to 500L. The wine is aged for one year on gross lees without intervention, no filtration, a little bit of sulphur is added just before bottling. The resulting wine has an electric acidity, and amazing spectrum of aromas. Florian suggests decanting the wine and letting it rest for a few hours before tasting</p>	180	240	Plus VAT - VAT added to the sale price
